VOLTE STATUS WORLDWIDE – MAY 2019

Figure 1: Countries with launched VoLTE service

- In total GSA has identified 256 operators investing in VoLTE in 116 countries, including 188 operators that have launched VoLTE voice services in 89 countries
- Since January 2019 GSA has confirmed launches in Cambodia, Hungary, Iran, Ireland, Maldives, Mexico, Peru, and Sweden
- GSA is aware of 53 other operators that either plan to deploy or are deploying VoLTE services. Fifteen additional operators have been identified that are involved in tests/trials

This map is taken from the report *Evolution from LTE to 5G: Global Market Status – May 2019* published by GSA and available from www.gsacom.com

A full list of operators investing in and deploying VoLTE can be found in GSA's GAMBoD NTS database
